## HEALING HERBS HAVE BEEN USED FOR AGES!

**Phytotherapy** is one of the **oldest and time-tested method of treatment** of the body based on plants. Herbal medicine is still widely used in all parts of the world and in many cultures.

Natural herbs have significant healing power due to the pharmacological action of different compounds contained there. In addition, they cause much **less side effects** than synthetic drugs.

## ORIGINAL SWISS QUALITY SINCE 1921!

In 1921, **the Swiss doctor Aufdermaur** researched healing powers of natural herbs. He used his own medicines to treat cough and sore throat in his patients.

His innovations and inventions made it possible to develop **the most gentle processing of dry herbal mixtures**. This processing of dry herbal mixtures is carried out without using of any solvents and at temperature up to 30-40 °C. This gentle process **allows to save all biologically active substances of plants and vitamins undamaged**.

## GROWING THE HIGHEST QUALITY HERBS!

The healing effect of medicinal herbs depends on the content of **essential oils, highly aromatic substances and other organic compounds**. The strength of the curative effect is defined primarily by the concentration in the herbs of these substances.

We prefer **eco-friendly, 100% natural growing of herbs** in the Alpine region at an altitude **above 1000 m**. Such strict following to the organic cultivation of herbs allows us to obtain the highest quality raw materials for using in our products.

## HOW TO TREAT SORE THROAT?

Almost every person at least once a year experiences cough or ache in a throat. Is it necessary to take synthetic antibacterial drugs each time?

Studies show that **more than 80% of all cases of sore throat are caused by either a viral infection or non-infectious factors.** Using of synthetic antibacterial drugs in such cases is not reasonable.

Swiss Energy natural herbal lozenges effectively relieve the sore throat symptoms without using synthetic chemical compounds and antibacterial drugs.
